

Learning to Live God's Way in *Beatitude Bayou*

"A fairly accurate description of the human race might be furnished one unacquainted with it by taking the Beatitudes, turning them wrong side out, and saying, 'Here is your human race.'" ~ A.W. Tozer

When Jesus first spoke these blessings (the word "beatitude" means "blessing") in His *Sermon on the Mount*, the ideas He presented were as radical and revolutionary as they are today — truly a list of opposites from our normal, sin-filled, fallen-state response. The Gospel is good news; but that doesn't make it easy news. Living God's way requires a heart change made by God Himself. When that salvation from sin takes place, living according to Jesus' teaching becomes possible and includes all of the blessings He promised! *Beatitude Bayou* is our series that reaches out to boys and girls of all ages with the loving and challenging presentation of these Biblical truths. Please pray for God to work mightily in hearts and for us as we travel with these presentations. We have a very full summer travel schedule! If you see that we are touring in your area, come and see us! We welcome you to *Beatitude Bayou*, too!

The Reach More Campaign Continues to Grow!

The simple question, "How can we reach more boys and girls for Jesus?" was the impetus for this project. Very quickly, God revealed to us a vision for expansion of our outreach. In His grace and kindness, He first showed us immediate steps we could take (and, in some cases, had already taken) and then He gave us some long-term goals.

We've taken the initial steps and have seen our ministry opportunities expand as we have developed classroom curriculum, released new film content and increased our weekly audio podcast to nearly 500 episodes which are all available on our burgeoning website. For long-term growth, we have (literally) laid the groundwork for building expansion.

The amount of money raised for this project is currently \$135,754. The current volatility of the building market makes the total need a little fuzzy at the moment. As we continue to raise funds for the building, we are trusting God to fully supply the right amount of money at the right time enabling us to maintain our commitment to being debt-free. Meanwhile, we will be keeping a close eye on material prices so as to be the best stewards of God's gift.

As you prayerfully consider what part the Lord might have you play in this project, please pray for us as we seek to move forward with patience, wisdom and faith.

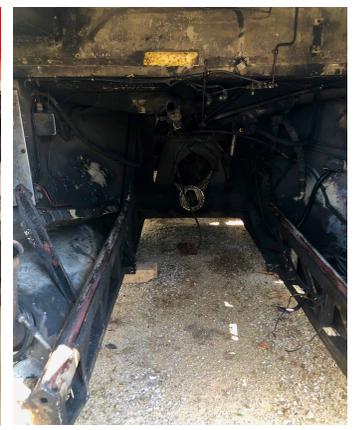

This new space will be equipped with a new film studio as well as house our ministry vehicles.

A Current Bus Need

At the end of our summer ministry tour in 2020, it was discovered that the GHH travel bus had suffered a catastrophic engine failure. This bus is a necessary component of our ministry since it multifunctions as transportation, equipment hauling and, most importantly, housing for the Knobloch family. Please pray that the Lord will fully equip it for service ASAP. If you'd like to help defray the expense of this repair, your gift would be very gratefully received.

Projected Need: up to \$18,000

Total Raised: \$9,528

The engine of a 1979 MCI is HUGE! The void left behind is a poignant reminder of the void it leaves in our ministry capabilities until it is fixed!

Our Growing Online Presence

Our website continues to be shaped and developed into an increasingly valuable and user-friendly tool for spiritual growth. Our long-term goal is to make the God's Helping Hands website the root of all things GHH, branching out with an ever-growing library of quality, entertaining content for children as well as a resource center for parents and teachers.

Off Hand: with Stephen and Lydia

When we first started, we never dreamed the weekly *Off Hand with Stephen and Lydia* podcast would grow to nearly 500 episodes and be heard all around the world — but here we are, praise God! All the episodes can be downloaded individually from the website.

Adventures with Stephen and Lydia

A relatively new venture, *Adventures with Stephen and Lydia* are short films of a variety of interesting people and places.

A Piece of Really Good News

Just over a year ago, Uncle Chris gave a brief message of encouragement from the Word that was put on Facebook. Then it became a weekly thing. Now all the episodes of *A Piece of Really Good News* are available on the website as well as through the GHH Facebook page.

Happiness is the newest addition to our Simple Lesson Solution product line. This 12-lesson series is a study on the Beatitudes and pairs well with our live *Beatitude Bayou* presentations. All 6 of our curriculum sets are available for order through the website. Eventually, we are hoping to offer a version of these classroom curriculum tailored for online use.
