

# KATIE'S Chronicles

1st Corinthians 14:26

Dear Friends,

March 2020

Just before Christmas, I was on the phone with a supporter answering questions about our donation process. We started chatting and she shared how much she's loved the ministry and how she was encouraged by the godly values of God's Helping Hands that have stayed consistent throughout the years. I found myself extremely blessed by her expression of gratitude to GHH and realized that I too have been blessed with something very special.

This verse came to mind after being blessed by this lovely lady. 1st Corinthians 14:26: "What then, brothers? When you come together, each one has a hymn, a lesson, a revelation, a tongue, or an interpretation. Let all things be done for building up."

Not only does the verse make me think and feel grateful for my friends who I work with at GHH, but it also makes me think and feel humbled by you who support and encourage this ministry. I would be remiss if I did not firstly thank you for that, as it has been a huge blessing and reminder of God's love and faithfulness.

As it has been now almost exactly a year since I began working at GHH, I thought you would like to know how we have seen God work, what I've been up to and what the future holds. I am so excited about what the Lord has done and am thrilled to share with you His works.

Since coming on as the Technical & Communications Coordinator, I've very practically been doing a little and a lot of everything! I keep my co-workers sane and complete or help with projects that either no one knows how to do or just basically has no time to do. I help and manage social media, website development, maintenance, tech-repairs, updating, file and inventory management. I honestly don't know what exactly is in store for me each week. This keeps me on my toes.

For this Summer specifically, I will be spending much of my time rolling out our new curriculum and all the multimedia aspects involved within that, as well as focusing on tackling our inventory. This includes documenting the list of puppets, props, hats, costumes and more. It has been a very long time since any of these items have been organized or cataloged. I will be spending the Summer documenting what we have, where it is and making each item easier to find. This will save all of us a huge amount of time. This will also help

Realizing the overhaul that is greatly needed for our inventory has also made us realize the lack of space for all of the many items we create and re-use every year. The new building will help tremendously with this problem. We are praying for God's timing on the funds for this project as it will give us so many avenues to share the gospel while maintaining our sanity.

We have many projects and plans for the next few years and we are praying for the Lord's blessing and providence in each decision, project, and conversion. I personally have seen the Lord work this past year, not only in the ministry of God's Helping Hands but also in the providence of a growing support team. Since my last letter, I have seen improvement in the amount of support coming in. It gives me the ability to provide God-given skills that will bless the team and those who we share the gospel and speak the truth.

There is still much need for financial and prayer support. In order for me to come on as an actual employee of GHH and not an independent contractor, I must be at a higher rate financially than I am now. Please pray for this need to be fulfilled in the Lord's timing!

As always, continue to pray for our busy Summer! As the team will be traveling to churches and events, pray for safety and health. Also, please pray for those of us who will be working in the office as we have a lot of projects to complete.

You are a tremendous blessing!
