

# Note from Nicole

But he said to me, "My grace is sufficient for you, for my power is made perfect in weakness." Therefore I will boast all the more gladly of my weaknesses, so that the power of Christ may rest upon me. For the sake of Christ, then, I am content with weaknesses, insults, hardships, persecutions, and calamities. For when I am weak, then I am strong. ~ 2 Corinthians 12:9-10

If you would like a more detailed account of the summer, we have written an article as a team.

It is available online to read at your convenience. [ghhinc.org](http://ghhinc.org)

As some of you may already know, this summer was one of the hardest ministry tours we've had over the past fourteen summers we've traveled. It seemed like anything that could go wrong did go wrong and we began to feel like it was a very specific attack from Satan to try and stop the message of Truth from going out. Our whole team dealt with sickness, we had technical trouble with our equipment, we came upon roadblocks that tried to discourage us and delay deadlines. Yet through all of this, we never missed one program. Christ gave us the strength to persevere; and, in the end, He showed His power, in our weakness, as He changed the hearts and lives of many children!

Throughout the summer, people would ask us how things were going and we would tell them that it was very difficult and explained why. As we were sharing some of this to a man who was a full-time missionary himself in his earlier years, he just smiled, nodded his head and said, "That's awesome!" He knew all about hardships in ministry and the fact that the enemy hated what we were doing so much, proved that we were doing the right thing!

While the four of us were talking together at the end of the summer, we all agreed that we would never ask for a summer like this, full of trials and discouragements; but since it was so obvious how God brought glory to Himself through it all, we would go through it all again if we had to. It's the least we can do when He has been so faithful to us!

A peaceful evening on Torch Lake

## New Ventures

Just being goofy with Claire

When you are a very small ministry and everyone is “all hands on deck” to get the major things done, sometimes it's easy for the less important things to get shoved to the side and forgotten. For the past few years, our website was that very thing; but we have come to realize more and more that in a world where everyone is online, our website has to be up to date. Over the summer, Katie, our IT coordinator, and I collaborated on a new design. We wanted something clean, fresh, easy to navigate and ultimately, something that would represent our Lord and His ministry well. So together with her practicality and functionality know-how and my additions of colors/visuals, it became a fun team project! Katie worked hard on it and was able to launch the new version in August. We are excited about the new look and the possibilities it will hold for future additions as well.

Harbor Days Parade Float in Elk Rapids

I have mentioned before that we do a lot of filming of the puppets for classroom curriculum videos. Well, we have now released some of those along with some new videos called *Adventures with Stephen and Lydia* on YouTube!

Check out GHH Inc. and subscribe for future videos, too! This picture is from one of the new videos where Stephen and Lydia visit a firehouse. Stay tuned for its release, along with some others like it that will be filmed this fall. Of course, with the development of this fun, new endeavor, come many hours of work planning, filming and editing. Please pray for us in that regard and if you have any little kiddos in your life, we think they might enjoy if you pass the word along to them!

Thank you so much for your prayers and support! The family of God is a wonderful encouragement! I can't wait to be in heaven all together someday with our Savior!
